3. Meeting Notes, Decisions, Issues

Pat O'Cain Chairman of the council wishes to thank all participants:

I would like to take this opportunity to *"Thank you"* for your participation in our first charter meeting.

The ultimate goal is to provide a mechanism through which government, law enforcement, public safety, and the private sector can come together with a common purpose and improve the ability to safeguard our homeland and prevent criminal activity. Our purpose is to enhance an effective and efficient mechanism to exchange information and intelligence, maximize resources, streamline operations, and improve the ability to have an effective tool to maximize available resources and build trusted relationships.

We have a great appreciation for your questions, comments and concerns and in order to address them thoroughly, as well as promptly, we respectfully request that you, or anyone from your emergency support function, reply to this email at your earliest opportunity.

Once again, *"Thank you"* and we look forward to your continued input, effort, and participation.
